What Are Pet Rocks?

Pet rocks are smooth rocks that we decorate to look like our favorite animals or creative designs. They are a fun and easy craft that helps us use our imagination, explore nature, and create something special!

Why Use Rocks from Nature?

Rocks are one of God's amazing creations! They are found in rivers, fields, and along paths. Every rock is different in size, shape, and color. When we turn a simple rock into a work of art, we are using what God gave us and being creative!

Fun Facts About Rocks!
