Safe & Cozy Homes

A Warm Place for Everyone!

It was a chilly morning at Triple G Farms. MayBelle, Amos, and Gertrude walked around the farm to see where everyone lives.

Gertrude looked at the barn. “This is the horses' home,” she said. "And the chickens have a cozy coop."

Amos sniffed the doghouse. “Every animal needs a safe and cozy home," Amos said. MayBelle nodded. "A good home protects them from hot sun, cold weather, rain, and wind. It keeps them safe and comfortable."

MayBelle smiled. “No matter what kind of home they have, a safe and cozy place helps every animal stay healthy and happy!"
