Little Lessons from Triple G Farms

A Storytime Learning Guide

Faith & Family Edition

Bella the Busy Bee

A Buzzing Adventure at Triple G Farms

Today's Big Lesson

Even the smallest creatures can make a big difference! We all have an important job to help God's world.

Let's Talk About the Story

1. What did Bella teach us about bees?
2. How did MayBelle, Amos, and Gertrude help Bella?
3. Why are bees important to the farm and to our food?

Did You Know?

- Bees carry pollen from flower to flower.
- Pollination helps plants make fruits, vegetables, and seeds.
- Bees are gentle and usually only sting if they feel threatened.
- We can help bees by planting flowers and being kind to their habitats.

God's Word for Little Farmers

"Then God saw all that He had made, and it was very good."

Genesis 1:31 (NLT)

Our Little Lesson:

God made a wonderful world, and we can help take care of it by being kind to all of His creatures!

Fun Activities to Help Us Make a Difference

Faith & Family Edition

Activity 1: Bees and Flowers

Ages 3–5

Draw a picture of Bella visiting flowers. You can add as many flowers as you like and color the picture.

Activity 2: How Bees Help

Ages 6–8

Bees help plants grow and give us food. Make a list or draw pictures of five foods that rely on bees for pollination.

1. _____
2. _____
3. _____
4. _____
5. _____

Kindness Challenge

This week, do one or more of these kind things:

- ☐ Plant a flower or help in a garden.
- ☐ Learn a new fact about bees.
- ☐ Be gentle and careful around insects.
- ☐ Help protect places where bees live by keeping them clean.
- ☐ Share what you learned about bees with a friend or family member.

Our Amazing Bees

Bees pollinate many plants that give us fruits, vegetables, nuts, and flowers. Without bees, many of our favorite foods would not grow. We can help bees by planting flowers, keeping their habitats safe, and being kind to all of God's creatures!
